Description: Redd Barney Ranch is located in Nevada's high desert, minutes from Reno and nestled in the majestic Rose Mountains. We run a dual-purpose operation that includes a small breeding program and complete hitch training. Our foundation stallion is West Edge Commander, a bay, 18.3 hands, and the son of Ayton Final Command. We average 4-5 foals per year that we either sell or show. Our small scale allows us to spend more one-on-one time with our horses. Foals go "into training" from day one and the special attention they get typically pays off in the show ring. Our goal is threefold: to produce quality foals for sale or showing; to stay competitive on the West Coast circuit in halter & hitch classes; and to continue to promote the Clydesdale breed in parades and public appearances. Next time you are in Nevada - stop by. We'd love to give you a tour.
