CLYDESDALE STUD BOOK OF THE UNITED STATES

Conditions and Fees

1. No application shall be considered until the fees are paid; nor shall any number be assigned by the Secretary until every requirement has been complied with.
2. When entries or transfers are made, the certificate given by the Secretary shall constitute the receipt for the fees, but such certificate shall not be binding upon the Association in case of error.
3. Fees are as noted: **REGISTRATIONS - CURRENT FEE IS \$35 FOR A MEMBER OR \$70 FOR A NON-MEMBER.** Registration will be considered delinquent for new foals June 1st the year following the year of birth. Registration of imported horses will be considered delinquent 180 days following importation. With the anniversary of the sale date on imported horses, or the June 1st date on foals, fees will double the first year making the fee \$70 for a member or \$140 for a non-member. Fees will double again on the 2nd anniversary year making the fee \$140 for a member or \$280 for a non-member, which will be the maximum amount for a delinquent registration.

TRANSFER FEE IS \$30 FOR MEMBERS AND \$60 FOR NON-MEMBERS

Transfers are considered to be delinquent 90 days after the sale date and fees will double making the transfer fee after 90 days \$60 for members or \$120 for non-members. At the anniversary of the date of sale, the transfer fee will double again making the transfer fee \$120 for members or \$240 for non-members, which will be the maximum fee for delinquent transfers.

4. **Prefixes:** A member may register a prefix for \$50. Such prefixes are to be restricted to and required of every foal recorded by that breeder.
 - A. Use of Scottish or Canadian prefixes prohibited.
 - B. Proprietors right to prefix shall be lost by 20 consecutive years of non-use.
 - C. In case of herd sale or dispersal where all or a substantial portion of herd is sold to one purchaser, the herd prefix may be transferred to the new owner(s) upon written consent to the proprietor of the prefix, and the Board of Directors.
 - D. Only animals bred by the proprietor of the prefix may bear his prefix name. The proprietor of the prefix may extend the use of the prefix reserved in his name to members of his immediate family.
 - E. Every animal bred by the proprietor of a prefix shall bear the prefix of the breeder, if in his ownership at the time of birth. Animals sold in utero may use the breeder's prefix with breeder's written permission.
 - F. Breeders may have only one active prefix; each prefix must be paid for; prefix applications must have board approval, prefix must be at least 2 letters, one must be a member of the Association to have a prefix.
5. In case the animal offered for entry is owned by other than the owner of the dam at the time of birth, a transfer is required to the present owner from the previous owner.
6. When change of ownership occurs, the seller will furnish buyer registry certificate and transfer within 90 days and should pay for the same.
7. In all applications for transfer, the full name and post office address of both buyer and seller, and the date of sale must be given. If the animal is female, it must be stated whether or not she has been served. If served, the date of service must be given, with the name and the Stud Book number of the stallion, certified to by the then recorded owner of the stallion, or his authorized representative.
8. In view of the fact that the value of a pedigree depends largely on the character and standing of the party or parties who bred and reared the animals represented therein, it is a matter of no small importance that the name of the breeder of every animal mentioned in each pedigree be given. This, if known, should never be omitted. Frequently the breeder's name is absolutely necessary for the proper identification of the animal.
9. If color changes, the owner should return the paper to the Secretary so the color change can be recorded on the papers.
10. The breeder of an animal is the recorded owner of the dam (or lessee) at the time of service and dictates the cross. The first owner of a foal is the recorded owner of the dam at the time the foal is dropped.
11. Names cannot be duplicated. When a name sent in has already been taken the Secretary will suggest a substitute and await the approval of the owner. In no instance can a recorded name be changed on a pedigree.
12. **Lease Agreements:** All lease agreements shall be completed on official lease agreements forms of the Clydesdale Breeders of the U.S.A., shall be filed with the office of the Secretary, and shall contain the following information: registered name, number, age, and pedigree description of the horse being leased; name and address of owner/lessor and lessee (printed and typed); beginning date of lease and either 1) termination date, or 2) statement that lease continues until further notice; signature of owner/lessor and lessee. A lease may be terminated by the owner/lessor by filing with the Secretary a written notice clearly identifying the lease and the termination date of the lease, and stating that a copy of the notice of termination has been mailed to the lessee at the lessee's last known address. If the written notice of termination is received by the Secretary after the termination date stated in the notice, then the termination date shall be deemed to be the date of receipt by the Secretary. During the period that the lease is in effect, the lessee shall be deemed to be the recorded owner of any foal born to the leased mare, unless the lease agreement expressly provided otherwise, signed by the owner/lessor and the lessee, is received by the Secretary prior to or simultaneously with a request for registration of the foal. Foals born on the termination date shall be deemed to be owned by the lessee. Subleases shall be subject to all the foregoing rules and shall also require the written consent of the owner/lessor as a condition to filing. Lease recording fee is \$10.00 for members and \$20.00 for non members.

ERRONEOUS OR FRAUDULENT ENTRIES OF TRANSFERS

13. Should an animal have been admitted to entry, or transferred through misrepresentation or fraud, the Pedigree Committee, on discovery of the same, shall declare the entry or transfer void, together with any entries that may have been made of descendants of such animals.
14. When an animal shall have been entered or transferred through misrepresentation or fraud, the Pedigree Committee may direct the Secretary to refuse for record any subsequent entry or transfer dependent upon the signature of any person implicated in such fraudulent entry or transfer.
