In belief that the Clydesdale Industry is strong....The Clydesdale Breeders of the U.S.A. have committed to hosting the next World Clydesdale Show in three years instead of four years!

Better than ever, the New Holland Pavilions are the latest, state of the art facilities—totaling 290,000 square feet of space replacing the nine former Ag barns! Plenty of space for arena's, brand new box stalls, pre-function areas, vendor spacing, and more!
