

UPDATES FOR THE 2021 NATIONAL FUTURITY

The futurity had been in decline over the past years and the committee looked to find a home for it to keep from traveling with the national show year after year. With this said, it was voted on to have the show at Wisconsin State Fair and have a solid location for participants to plan. For 2021, you can enter your coming yearling or coming 2-year-old for a 1-time fee so we get participants for the 2021 show. In addition, all premium money will be passed out whether there are 1 or more than 7 participants with the breakdown listed below. To help draw in participants, the classes for the 2021 show will have \$250.00 added prize money. Take a look at the forms attached as we are taking nominations for mares bred for 2021 as well.

1. The first step is to nominate your bred mare. This is accomplished by sending in the registered name and number of the mare and the registered name and number of the stallion she is in foal to, along with the \$15.00 fee to the association:

Clydesdale Breeders of USA

PO Box 345

Fredericktown, OH 43019

Make all checks payable to: The Clydesdale Breeders of the U.S.A.

This \$15.00 is split three ways with \$5.00 going into each section – filly, stallion, and cart. This must be done before January 1st. This means that the bred mare is nominated before she foals.

2. The second step occurs before July 1st the year the foal is born. The foal is usually on the ground by this time. You submit the name the foal will be registered under, sex, and date of birth. The registration number, if available, should also be sent along with \$25.00. This money is split two ways, \$20 goes to the appropriate filly/stallion section and \$5.00 to the cart class.

3. A third and fourth payment of \$25.00 each are due before the following January 1st and July 1st with the money split as described above.

4. Now you are ready for the Wisconsin State Fair where the futurity is held.

The yearling will be shown in the gender appropriate halter class. We will place up to 7 placings. All premium money for that class will be distributed whether 1 or more than 7 horses show up.

5. The fifth and sixth payments of \$25.00 each are due before the following January 1st and July 1st with the entire amount going to the cart class premiums. You now have a 2-year-old horse which will show in the Futurity Cart Class. There is only one cart class, all horses are shown together. Seven places are paid with the same distribution as the yearling line classes. Likewise, all premium money will be paid out whether there is 1 or more than 7 horses competing. If your horse is gelded at any time and you wish to keep him in the futurity for the cart class (he would not be eligible for the yearling stallion class), your \$25.00 payments should all go directly into the cart class fund.

6. Notice must be given immediately for any stallion that has been gelded as they are no longer eligible for line classes. The premiums paid will go toward the cart class and they may participate in that event.

For 2021, we will be accepting payments for mares carrying 2021 foals as well as a 1-time payment to allow horses to enter the futurity and have horses exhibiting in 2021. The payment will be \$65.00 for yearling horses and \$70.00 for 2-year-old cart horses. This must be received before June 1st 2021 for the yearlings and 2-year-olds hoping to show.
