

Clydesdale Breeders of the U.S.A.

Purpose: The Clydesdale Breeders of the U.S.A. purpose is the collection, revision, preservation, and publication of the history and pedigrees of purebred Clydesdale horses...and whatever else the directors deem is in the interest of serving the breed and its breeders.

THE ASSOCIATION AND ITS SERVICES.....

The Association is open to all people interested in the wellbeing and advancement of the Clydesdale breed. Below is a list of services provided by the Clydesdale Breeders of the U.S.A.

MEMBERSHIP & FEES: A membership cost \$200, which includes 1 year of annual dues. This membership conveys voting privileges at the annual meeting and offers membership rates for fees in all paper-work for life.

ANNUAL DUES: Annual dues of the Clydesdale Breeders Association is an optional feature for members. The choice of paying your dues in no way affects the voting privileges according to members; your membership secures those privileges for life. The annual dues is your means of staying abreast with the happenings of the Association and to receive more discounts on association services. By paying Annual Dues you remain on the active mailing list. The annual dues are \$50/membership per year.

REGISTRATIONS: Clydesdales will be accepted for the Stud Book if by a sire and out of a dam recorded in the Clydesdale Stud Book of the United States, Canada, or Great Britain.

TRANSFERS: When change of ownership occurs, the burden of responsibility for transferring the horse rests on the seller. If the animal is female, it is very important that the application for transfer states whether or not she has been bred. If served, the date of service with the name and Stud Book number of the stallion, certified to by the then recorded owner of the stallion, or his authorized representative, must appear. Making sure that this is in order and done at the time of the purchase will simplify the subsequent recording of the foal she is carrying.

When buying your first registered Clydesdale, make certain the horse is properly transferred to You.

Unfortunately, there are occasions when the pedigree is simply handed over to the new buyer....and sometimes, in his or her innocence, he or she thinks that the horse is now theirs in the eyes of the Association. This is not the case. The pedigree, along with a properly filled out transfer by the seller, must be sent into the office for change of ownership. If this is not done, the subsequent recording of foals and further transfers become bogged down in delinquent fees and endless delays.

IMPORTS: A registered Clydesdale purchased in Canada or Great Britain must be registered in the U.S. Stud Book, with the presentation of the pedigree or certificate of export and a properly filled out application for registry. We cannot transfer horses that are not recorded in the American book, and taking care of this promptly, in the case of imports, will also tend to avert later misunderstandings and delinquent fees.

PREFIXES: A member may register a prefix for a fee. Such prefixes are restricted to and required of every foal recorded by that breeder. No one else will be permitted to use that prefix. Such prefixes may be transferable to heirs and successors.

WEB SITE: Our web page is full of valuable information at: www.clydesusa.com All forms of the Association can be obtained through this website under printable forms.
